

Insurance solidarity

I am a single mum from the New Brighton area who was flooded out (house and car, etc) in the recent floods.

My insurance company (Suncorp) is refusing to pay the claim, saying that I am covered for 'flash floods' but not for 'floods', although many other insurance companies have already paid up, under 'storm', etc.

We are trying to get those affected in a similar way to get together to discuss this situation and Cr Tom Tabart has kindly offered to help. His number is 66851286.

If we get together who knows what we can achieve.

Kathy Stewart
